

MILES SHAKEDOWN 2007 – BARRY ALBERT
APRIL 22-23, 2007

April 22

On a warm and Sunny day 2 boats set out for Huntington Creek on the Miles River to start the 2007 sailing season. "Esperanza" from St. Michaels Harbor and "Rejuvenation" from Long Haul Creek.

"Esperanza" had a slow start under light winds but ended up with 20+ knots just before Huntington creek. "Rejuvenation" with Dick and Judy Tanczos (Commodore Tom's guests and prospective members) had to motor as the tide gods deemed they must stay in their slip until the mud relented it's grip.

We rafted in the creek and had a great cocktail hour and dinner aboard "Esperanza". The sunset was so perfect and we were so happy to be out on our first sail that we want to share the enclosed picture with you. (We are not trying to set a precedent)

April 23

Another warm and sunny day and all good things must come to a end. Back to the home ports looking forward to the next cruise.
