

## CRUISE REPORT—HERRINGTON HARBOR SOUTH SEPTEMBER 11 & 12

After uncertain weather predictions and boat participation the cruise was declared a go on September 10, but was shortened to one day by the Cruise Captain, Terry Burke

On the morning of September 11 we were greeted by pleasant sunny weather with 5-10 knots of wind from the northeast which permitted most of us to motor sail into Herrington Harbor. The Bay was filled with debris from all of the storms of the past week, but all made it to a safe landing.

Cocktails were enjoyed by all aboard Chinook Wind followed by an excellent and lively dinner at Mango's restaurant.

The following nights were awarded

Chinook Wind- 1 night

Avatar- 1 night

Day One- 1 night

Salt Shaker 1 night

Karaya 1 night

Makani 1 night
