

Cruise Report
Yacht Club Crawl
9/14/11 – 9/19/11

The Yacht Club Crawl began with dinner at TAYC which was attended by 23 CSSMers and guests. The next day started early for the boats from Oxford area as we needed to make Knapp's Narrows on a fairly high tide. After passing the narrows, we faced head winds and a sea of debris floating down the Bay. We saw mounted tires, trees, all sorts of trash, and someone saw an entire picnic table. Nine boats made it to the Magothy and thanks to the Jansens, we all had rides to and from the Gibson Island Club. Friday brought still more head winds but we did get just a bit of sailing in as we dodged obstacles in the water. Seven boats made it past the white rocks into Rock Creek where we anchored or docked and had dinner ashore at the Maryland Yacht Club. On Saturday, we moved on under fair winds to Harness Creek, near Quiet Waters Park in Annapolis. We spent a quiet night on our four boats (and a guest boat) in this very cozy anchorage. On Sunday we had brisk winds and several boats sailed all the way to St. Michaels. Sunday night we enjoyed cocktails and dinner at the Isabel Bar on the MRYC dock. Special thanks to Linda Montague for making arrangements for a great dinner and two Smith Island cakes. Also thanks to the MRYC staff for staying late and keeping the doors open for us.
