

## Miles River Shakedown, Not Breakdown Cruise May 28-29, 2022

The Miles River shakedown cruise lived up to its name: the first cruise of the season for the majority of the boats with nary a breakdown. The only glitches were the weather canceling the first scheduled night, the Tartans' Wye Island Inter-Club Rendezvous to Granary Creek changing our planned destination, and the cruise captains forgetting to take any pictures. Nonetheless, our one night cruise to Shaw Bay was glorious. Perfect wind, perfect temperature, perfect sunset, and joyous camaraderie!

Six boats participated: Fiscal Stray, Karaya, Mystic, Flow, Gambrinus, and for their first CSSM cruise Windswept (the Theunes). All gathered on a Fiscal Stray/Karaya/Gambrinus raft for drinks and dinner and welcomed Kevin Herrington sailing with his parents and Pete and Mariana Leshner cruising with her brother.

Next morning five of the boats headed home and Mystic headed to the Rhode to join Divided Sky's cruise. All in all short but sweet and a great prologue to the summer's cruising season yet to come.
